

5th National Conference on

Research Advances in Mechanical Engineering

29-03-2018

About the Institution:

P.S.R. Engineering College, Sivakasi an Autonomous Institution affiliated to Anna University, is one among the best educational institutions in Tamil Nadu and philanthropic institution founded by illustrious sons of P.S.Ramasamy Naidu. It was established in the year 1999 with the mission to promote engineering education in backward area of Virudhunagar Dist. PSREC is committed to scripting a unique chapter of excellence in education and research, in vital fields like Engineering, IT and Management. The college offers Engineering Education to men and women at UG and PG levels and brings out the total personality, emphasizing ethical values and preparing them to meet the growing challenges of industry and diverse societal needs of our nation.

About the Mechanical Department:

Mechanical engineering is an evergreen branch. The department was established in the academic year 2005-2006. It offers a four year degree program in mechanical engineering with an annual intake of 120 students from the academic year 2012-13 and also a post graduate program in engineering design in the academic year 2013-14. Our department got research status in the academic year 2016-17. An exclusive building for mechanical engineering accommodates various laboratories, lecture halls with smart board, drawing halls, seminar hall and department library. All the laboratories are well established with latest equipment, machineries & relevant software. A team of dedicated, qualified, young and energetic faculty members are involved in latest teaching learning process of our institution. All the faculty members are post graduates and they are involved in various research oriented activities and have published technical papers in national/international conferences/journals.

About the Conference:

The objective of this conference is to provide a high quality platform to present and discuss recent advances in technology. RAME'18 conference aims to provide engineers, industry experts, researchers working in academic institutes and students, a forum to share their research experiences and also their innovative ideas. This conference will include keynote lectures by prominent speakers from reputed organizations as well as technical sessions.
